Sex And Diabetes: For Him And For Her

Synopsis

Romantic relationships play an important role in our everyday lives. When diabetes enters the picture, it can complicate and strain even the most loving and open relationships. If you have diabetes, you may be looking for guidance on this sensitive subject - Roszler and Rice's *Sex and Diabetes* is here to give help and advice where you need it. Don't let diabetes hinder the romance; *Sex and Diabetes* can help you discover how to rekindle the intimacy with your partner.

Customer Reviews

Most diabetes books only include a chapter on changed sex concerns, but diabetes complicates and strains relationships, posing new issues and problems. This book addresses all the issues, providing tips ranging from how to talk to a doctor about sexual complications of diabetes and drug treatments to control it to common physical and emotional complications for both men and women. From how losing weight and exercising affects sexuality to using music, movies, and even romantic foods to set new paths for intimacy, *SEX AND DIABETES* is an important acquisition for any health library or general-interest collection. Diane C. Donovan California Bookwatch

Very good resource. My wife is diabetic and I thought the book could help improve our love life. My wife is also a Dietician and Diabetes Educator so a lot of the info was already known. But I would recommend this book as an excellent initial resource diabetics need help with their love life

There is a lot of great information on topics you might not think about until the situation happens.
Discuss the topics in this book with your lover.

This book answered a lot of questions I wouldn't ask my doctor. I found it very helpful. I also found that many of my symptoms are "normal".
