Customer Reviews

This Pepsi price guice is a outstanding book. Lots of photos and current values. I really like the blue cover, it goes with Pepsi. Overall I rate this book 5 stars. This book is a few years old but still a valuable tool for the Pepsi collector or antique dealer. I am hoping the author comes out with a new one soon as there are not too many different Pepsi books out there. Thank you.

This book has everything and it's a personnel collection. They have great items and are appropriately priced. I enjoy flipping through cuz it seems like I miss something. Fav collector book.

Unless your collection consists of Pepsi items mainly from the 1970's on, then this is the book for

you. The title hasthen and now in it. This book has more now and not enough then. It was a total waste of money in my opinion.
