Cat In An Alphabet Endgame: A Midnight Louie Mystery (The Midnight Louie Mysteries Book 28)

Synopsis

Long awaited! The 28th and last book in the Midnight Louie feline PI alphabet-titled mystery series from USA TODAY and bestselling author Carole Nelson Douglas. New York Times Notable Book of the Year author Carole Nelson Douglas's cast of four human crime solvers must not only stop a massive Las Vegas conspiracy involving international terrorism and the FBI, but feline sleuth Midnight Louie's roommate, PR powerhouse Temple Barr, is contemplating marriage. Will syndicated radio counselor and ex-priest Matt Devine's inside track lose out to the return of that wily dark horse, magician Max Kinsella? The suspense is killing somebody. Meanwhile, a Strip-wide resurgence the long-vanquished Las Vegas mob could have Temple in search of an undertaker rather than a Justice of the Peace. Luckily, Midnight Louie and the Las Vegas Cat Pack are planning their finest moments to bring down the baddies. But no one can help Temple find which direction her wayward heart must go. JANET EVANOVICH calls Midnight Louie "the funniest, hairiest, hard-boiled detective on the planet." • The Prime Suspect finds the series "everything you might want in a mystery: glitzy Las Vegas, real characters, suspense, a tough puzzle, and...on top of it all, a fine sense of humor and some illuminating social commentary." • "Las Vegas's feline detective extraordinary returns... Louie is an irresistible combination of Nathan Detroit and Sam Spade. Plenty of interest here for a lengthy, fun-filled series." • "Mostly Murder" "If it's murder, it must be Midnight Louie time! Carole Nelson Douglas's cool dude feline detective pulls off some fancy footwork when he matches wits with a murderer...Written with stylish zest and irresistible panache, this clever tale operates on a multiplicity of levels." • "Melinda Helfer, RT Book Reviews 4½ stars

Cat in an Alphabet Endgame, Midnight Louie #28 by Carole Nelson Douglas **WARNING:** Some spoilers. Bidding goodbye to characters that almost seem "friends" is always hard. Three of my other much-loved series met their end with the real-life end of the author, meaning that there was no tying up of loose ends, no seeing the characters off into the sunset, so I suppose the endgame in this instance was definitely more satisfying. Thankfully in Louie's case, this was not so, and Douglas gets a 5-star rating for that, if for nothing else. There were things I loved about this novel, and there were certainly things that made me less than happy. I continue to love Louie's snark and his devotion to not only his furred family, but to those lucky furless humans with whom he has forged strong relationships. Obviously, Temple Barr tops that list. I continue to love the series characters' manner of speaking, which is replete with song lyrics and pop culture near quotes. From the very start of the novel, there were spots that ignited the imagination, such as the description of Karma contrasted with the description of Ma Barker at 283 on my Kindle. At 308 there is the serious fun of street-wise Ma Barker's response to her more sophisticated son's statement ("I agree that something wicked this way comes."): "What is 'this way comes'? Did I not teach you proper grammar? It is 'comes this way'." Plays on words were also in evidence, such as this in reference, again, to Louie's mother, at 382: "...before she makes like an oleander bush and leaves.
