## Customer Reviews

It is a good book and will help me with my test. I do find the chapters really long, but other than that, it is ok.

Well, it gives you info on everything you would want to know about painting inside and out....sprays, applicators, brushes, products to use, etc.....but not the basic book you may be used to for painting and decorating. Did give some helpful tips on scaffolding, brushes and stuff, but not for the general do it yourselfer or even professional painter/decorative painter needs.
