Connected Souls: A Dog Story

Synopsis

Anytime is a good time to read a dog story! When Karen and Will have to unexpectedly put their beloved best friend to sleep, they aren't sure they will ever be ready for another dog. But when an unusual event happens, they learn there is another dog out there who is counting on them. Based on true events that happened in the author's life, this short story tells the tale of two very different dogs that loved their way into the heart of one family and how, through both life and death, they each formed a bond that would be cherished forever. Sure to be one of your favorite dog stories in the Kindle store.

This book is a good read but if you've lost a dog sometime in your life - be prepared to sob your heart & soul out. It's one of those 'I-can't-talk, leave-me-alone' crying sessions because it's exactly how I lost my boy. Anyone who has lost a dog can relate to this book - but get the boxes of tissues ready! Be warned!

If you have always thought that your beloved dogs crossed the rainbow bridge and are looking down

from above, this is the book for you. It's a fast read and there will be tears in your eyes when you finish.

This was a beautiful book. It made me cry it made me sigh. I will never forget this book and will read it again and recommend to all dog lovers or anyone who believes when they look in their "best friends" eyes they see a kind of love and loyalty you find very rarely in the human world. Hug them tight to you and cherish every moment you are blessed to have them in your life.

This took me back 10 years and the day I brought a dog named Peter home from a pound. This story tells of Dana Landers loss of a dear friend and opening her heart to another dog who desperately wanted a family. A short love story. Read it and try to find room in your home for a shelter dog or cat that needs you. I felt a connection to Ms. Landers soul and look forward to reading more of her work.

This was a great story about a dog who was loved and the family who loved him enough to carry on that love to another dog in need of that love! Would recommend to all animal rescuers and animal lovers alike.

As I read the story I cried. It reminded me of my beloved dog Pebbles who had to be put down back in 2007. She was a very special dog to me. It was a very good book. I plan on reading the next book in the series as well.

As moving a story of our best friends and how almost human they can be. I accidentally ordered this book a day after I had to put down a great friend of 11 yrs. Accidentally, in the sense that I meant to select another book but the tears in my eyes literally caused my fingers to punch the button on this one before I realized it. but I decided to just go ahead and let it go in on the order. I've not been sorry for the choice. It will definitely touch your heartstrings.

I found this book to hold a lot of deep meaning. The truly deep friendship of 2 dogs that goes beyond what a friendship between 2 humans. As 1 about lost his true friend he truly almost left this world with heart break and loneliness beyond belief. It is well worth reading to learn of the DEEP relationship two creatures of God can have without speaking words.
