# 101 Tips For Diabetes Self-Management Education

## Synopsis

Educate patients individually or as a group about managing their diabetes with these practical tips from the esteemed educators at the University of Michigan Diabetes Research & Training Center. These 101 Q&A tips are designed to help you develop and foster an effective self-management education program. Your guidebook begins with developing your vision and designing your curriculum and advances through the program's phases from marketing and needs assessment to evaluating your program. Includes powerful tips for effectively communicating with patients.

## Customer Reviews

As an internist who sees innumerable diabetics on a daily basis, I used this book to help my PA and I organize individualized diabetes classes for the diabetics in my practice. The book is a great guide for diabetics and is easy to read and understand. I think every diabetic should have one at home.
