Customer Reviews

A nice review of gardens in the mid-Atlantic states - both large and small, well-known and off the beaten path. My husband and I enjoy interesting walks and this book has given us and will continue to give us ideas for some time to come. We live in Central Pennsylvania and the territory from New York to Delaware is perfect for day trips.

The is entitled to indicated that gardens in DC are included, but disappointingly, they are not.

Garbage. Not a single picture of a garden. What the hell!?!

Wlsh it had photos.
